Closing Remarks

Time: 10:20am PT/5:20pm GMT

Staff will wrap up the 2021 Deep Dive with a final debrief and answer any last questions.

From learning about pioneering startups launched on campus, to delving into conversations in the classroom with Africa's future business and civic leaders, the Deep Dive offers an unparalleled opportunity to see how Ashesi is driving impact through higher education on the continent. We look forward to resuming our on-campus Deep Dives next year.

Past participants include

Stanford | Seed
Stanford Institute for Innovation
in Developing Economies

See what some of last year's participants have to say about the Deep Dive:

“

This has been a great meeting and I leave it with a sense of Ashesi as an acronym with the letters standing for: A Shared Humanity Ethically Sustained Immensurably.

“

Ashesi University is providing outstanding support for learners. I especially appreciate the Giving Voice to Values (GVV) emphasis as well as the focus on business management.
